IMPORTANT SAFETY INSTRUCTIONS

This portable lamp has a polarized plug (one blade is wider than the other) as a safety feature to reduce the risk of electric shock. This plug will fit in a polarized outlet only one way. If the plug does not fit fully in the outlet, reverse the plug. If it still does not fit, contact a qualified electrician. Never use with an extension cord unless plug can be fully inserted. Do not alter the plug.

USER INSTRUCTION FOR 180W-LIMITED

WATTAGE USE (WITH SWITCH UNIT)

The torchiere luminaires you have purchased has a "Power Limiting Device" incorporated into the cord. This device prevents wattages higher than 180 watts. If you install a lamp above 180 watts, the device will shut down the power to the unit. In order to turn it back on, you will have to turn off the switch, check your lamp wattage, replace the lamp if necessary with a lower wattage lamp and then return the switch to "ON". The unit will reset itself in a few seconds.

In An Ongoing Effort To Be Environmentally Friendly and In Compliance with California Title 20 An Energy Saving Compact Fluorescent Bulb(s) is Included. Please Note that the Life Expectancy of The Bulb(s) is not Guaranteed.

IMPORTANT: Fixture should be installed by a qualified electrician to ensure proper wiring and installation.
